1. Overview

This Refund and Return Policy governs all purchase transactions made through TechSupport Co. platforms, including our website, mobile application, and authorised resellers. Our goal is to ensure complete customer satisfaction. Please read this policy carefully before initiating a refund request.

2. Standard Refund Window

Customers are eligible for a full refund within **30 days** of the original purchase date, provided the following conditions are met:

- The product or service is unused or minimally used.
- The original receipt or order confirmation number is available.
- The refund request is submitted via the official support portal or email.
- The product is returned in its original packaging (for physical goods).
- No more than one refund has been claimed on the same account in the last 90 days.

Processing Time: Once a refund request is approved, the amount is credited back to the original payment method within **5–7 business days**. Bank processing times may vary.

3. Extended Refund Requests (Beyond 30 Days)

Refund requests submitted after the 30-day window require **manager approval** and are handled on a case-by-case basis. The following circumstances may qualify for an extended refund:

Scenario	Eligibility	Approval Required

Duplicate charge / double billing	Eligible	Automatic (verified)
Customer changed mind	Not eligible	N/A
Subscription cancellation (unused period)	Prorated refund	Account Manager

Note: Approval for extended refunds typically takes 3–5 additional business days. Customers will be notified via registered email once a decision is made.

- Software license keys that have already been activated.
- Customised or bespoke development work once delivered.
