A. Delivery Timelines

Q1: How long does standard shipping take?

Standard shipping within the continental United States takes **5–7 business days** from the date of dispatch. Business days exclude weekends and US federal holidays. Orders placed before 2:00 PM EST on a business day are dispatched the same day; orders after 2:00 PM are dispatched the next business day.

Q2: What are the available shipping options and estimated delivery times?

Shipping Option	Estimated Delivery	Cost	Tracking
Economy / Standard	5–7 business days	\$0 (orders >\$50)	Basic
Expedited	2–3 business days	\$9.99	Full
Overnight / Next Day	1 business day	\$24.99	Full + SMS
International Standard	10–21 business days	Varies by region	Basic
International Expedited	5–8 business days	Varies by region	Full
In-Store Pickup	Ready in 2–4 hours	Free	Email notification

Q3: Are there delays during peak seasons?

Yes. During peak seasons (Black Friday, Cyber Monday, Christmas holiday week, and major product launches), standard shipping may take **2–4 additional business days**. We recommend choosing expedited shipping for time-sensitive orders during these periods. Peak season notices are posted on our homepage.

Q4: What happens if my package is delayed beyond the estimated delivery window?

If your package has not arrived within **3 business days past the estimated delivery date**, please contact our support team. We will initiate a carrier investigation. If the package is confirmed lost, we will reship at no cost or issue a full refund per your preference.

B. Order Tracking

Q5: How do I track my order?

- You will receive a shipping confirmation email with a tracking number within 1 hour of dispatch.
- Visit tracking.techsupportco.com and enter your tracking number or order ID.

- Alternatively, log in to your account and navigate to 'My Orders' > 'Track Package'.
- For SMS updates, ensure your mobile number is saved in your account profile.

Q6: My tracking shows 'delivered' but I haven't received the package. What do I do?

First, check with neighbours and building reception. Carriers sometimes mark packages as delivered up to 24 hours early. If still not received after **48 hours**, contact support with your order ID. We will file a carrier claim and reship or refund within 5 business days.

C. International Shipping

Q7: Which countries do you ship to?

We currently ship to **47 countries** across North America, Europe, Asia-Pacific, and select Middle East regions. Shipping to sanctioned countries is not available per international trade laws. A full list of supported countries is available at techsupportco.com/international.

Q8: Who is responsible for customs duties and import taxes?

International customers are responsible for all customs duties, import taxes, and brokerage fees levied by their country's customs authority. These charges are not included in our shipping fees and cannot be predicted in advance. We recommend checking with your local customs office before ordering.
